The Board of Directors shall determine the terms, conditions and procedures applicable to the subscription of shares including without limitation the execution of subscription documents and the provision of information as the Board of Directors may deem appropriate. In particular, application for subscription shall be received before the relevant cut-off time as determined by the Board of Directors from time to time. To the extent permitted by law, the Board of Directors may also decide to levy any applicable charges, fees, commissions or taxes upon subscription, as further described in the Prospectus.

Payment for subscribed shares shall be received within a maximum period of time as determined in the Prospectus which should not exceed eight (8) business days as defined under the Prospectus (hereafter referred to as "**Business Day**") after the relevant Valuation Day.

Shares allotment shall occur upon acceptance of the subscription request and share ownership must be evidenced by the corresponding registration in the shareholders' register of the Company. Allotted shares may however be cancelled at the first relevant Valuation Day if the corresponding subscription price has not been received within the relevant settlement time. In such a case, the cancelled share is deemed never to have been allotted, whilst the redeemed shareholder may be requested to pay to the Company, for each cancelled share, a cancellation cost corresponding to the negative difference, if any, between the relevant Net Asset Values per share as calculated on the Valuation Days for the subscription and cancellation, plus any applicable costs and expenses, as the case may be, without any prejudice to the Company's right to claim compensation for any damage which may have otherwise been incurred.

The Board of Directors may from time to time accept subscriptions for shares against contribution in kind of securities or other assets which could be acquired by the relevant Sub-fund pursuant to its investment policy and restrictions. Any such contribution in kind will be made at the net asset value of the assets contributed calculated in accordance with the rules set out in Article 18 and will be the subject of an auditor's report as required by Luxembourg law. All costs associated with such contribution in kind shall be borne by the shareholder making the contribution, or by such other third party as agreed by the Company or in any other way which the Board of Directors considers fair to all shareholders of the Sub-fund. In addition to the cancellation of the allotted shares as set forth in the preceding paragraph, should the Company not receive good title on the assets contributed this may result in the Company bringing an action against the defaulting shareholder or his/her financial intermediary or deducting any costs or losses incurred by the Company, the depositary bank (hereafter referred to as the "**Depositary**") or the ~~management company~~alternative investment fund manager (hereafter referred to as the "**Management companyAIFM**") against any existing holding of the shareholder in the Company.

The Company reserves the right to limit the number of shares which may be subscribed on any one Valuation Day to a number representing no more than 10% of the Sub-fund's total Net Asset Value. In these circumstances, the Board of Directors may declare that part or all of the subscription requests will be processed during a period not exceeding 8 (eight) Business Days and will be priced at the Net Asset Value determined on the Valuation Day the shares are subscribed. On any Valuation Day such shares will be dealt with before any subsequent requests for subscription.

The Board of Directors may delegate to any duly authorized director or officer of the Company, or to any duly authorized person, the duties of accepting subscriptions/conversion, receiving payment for and delivering and/or issuing such new shares.

Article 8. REDEMPTION AND CONVERSION OF SHARES

As more specifically described herein below, the Company has the power to redeem its own outstanding shares at any time, subject solely to the limitations set forth by law.

A shareholder of the Company may at any time irrevocably request the Company to redeem all or any part of his shares of the Company, under the terms, conditions and procedures set forth by the Board of Directors and disclosed in the Prospectus. In particular, application for redemption shall be received before the relevant cut-off time as determined by the Board of Directors from time to time. Application received after the relevant cut-off time shall be processed at the following Valuation Day.

The shareholder will be paid a price per share equal to the Net Asset Value per share of the relevant share class as determined in accordance with the provisions of Article 18 hereof. To the extent permitted by law, the Board of Directors may decide to levy any applicable charges, fees, commissions or taxes upon redemption, as further described in the Prospectus.

Payment shall normally be available or dispatched within up to 8 (eight) Business Days after the relevant Valuation Day, subject to receiving any relevant documentation or information, as may be required by the Board of Directors or any applicable laws. If in exceptional circumstances the liquidity of a Sub-fund is not sufficient to enable the payment to be made within the above time limit, such payment will be made as soon as reasonably practicable thereafter.

With the consent of the shareholder(s) concerned, the Board of Directors may from time to time make payments in kind, having due regard to the principle of equal treatment of shareholders, by allocating to the redeeming shareholder(s) portfolio securities of the relevant Sub-fund equal in value to the Net Asset Value of the shares to be redeemed. Any such redemption in kind shall be valued in a report of the Company's auditor as required by Luxembourg law and shall be made on an equitable basis, in the interest of all the shareholders. All costs associated with such redemption in kind shall be borne by the shareholder requesting the redemption, or by such other third party as agreed by the Company or in any other way which the Board of Directors considers fair to all shareholders of the Sub-fund.

Any shareholder may request conversion of whole or part of his shares, into shares of any share class of the same Sub-fund or of any other Sub-fund under the conditions, terms and procedures, and subject to any restriction, as determined by the Board of Directors and disclosed in the Prospectus. The conversion may not be accepted until any previous transaction involving the shares to be converted has been fully settled.

Application for conversion shall be received before the relevant cut-off time as determined by the Board of Directors from time to time. Application received after the relevant cut-off time shall be processed at the following Valuation Day.

The price for conversion of shares shall be computed by reference to the respective Net Asset Value per share of the two share classes as determined in accordance with the provisions of Article 18 hereof. To the extent permitted by law, the Board of Directors may decide to levy any applicable charges, fees, commissions or taxes upon conversion, as further described in the Prospectus.

The Company reserves the right to limit the number of shares which may be converted and/or redeemed on any one Valuation Day to a number representing no more than 10% of the Sub-fund's Net Asset Value. In these circumstances the Board of Directors may declare that part or all of such shares for conversion and/or redemption will be converted and/or redeemed during a period not exceeding 8 (eight) Business Days and will be priced at the Net Asset Value determined on the Valuation Day the shares are converted and/or redeemed. On any Valuation Day such shares will be dealt with before any subsequent requests for conversion and/or redemption.

If, as a result of any request for redemption/conversion, the number of aggregate Net Asset Value per shares held by any shareholder in any share class would fall below such number or such value as determined by the Board of Directors, the latter may then decide that this request shall be treated as a request for redemption/conversion for the full balance of such shareholder's holding of shares in such share class.

Redeemed/converted shares shall be cancelled except if otherwise decided by the Board of Directors at its full discretion.

The Board of Directors may delegate to any duly authorised director or officer of the Company, or to any duly authorised person, the duties of accepting redemption/conversion, effect the payment of redemption price and cancelling such shares.

To that end the Company shall serve a notice upon the shareholder specifying the reason which justify the compulsory redemption/conversion, the number of shares concerned and the indicative valuation day on which such compulsory redemption/conversion will occur. The Board of Directors may create one or several committees. The composition and the powers of such committee(s), the terms of the appointment, removal, remuneration and duration of the mandate of its/their members, as well as its/their rules of procedure are determined by the Board of Directors. The Board of Directors shall be in charge of the supervision of the activities of the committee(s).

Article 14. SIGNATURES

The Company will be bound by the joint signatures of any two directors or by the joint signature of a director and a person to whom authority has been delegated by the Board of Directors or by the joint signature of any two persons to whom authority has been delegated by the Board of Directors.

Article 15. INVESTMENT POLICY AND RESTRICTIONS

The Board of Directors is authorised to determine the Company's investment policy in compliance with the relevant legal provisions and the corporate object of the Company.

The Company will appoint ~~a management company (hereinafter the "Management Company")~~ an AIFM and a depositary (the "**Depositary**") in accordance with and for the purposes as described in the provisions of the Law and related laws. The Board of Directors shall have the power to appoint the Depositary, ~~Management Company~~ the AIFM and other service providers as it determines necessary from time to time.

I. Powers of the Board of Directors

The Board of Directors has the power to determine the investment policy and restrictions of the Company in accordance with provisions of the Law and related laws and regulations. The investments policies and restrictions shall reflect the principle of risk spreading and the course of the ordinary conduct and purpose of the management and business affairs of the Company. Any investment restrictions must be mentioned in the Prospectus of the Company which Prospectus shall be amended respectively without undue delay if a change to the investment restrictions was decided by the Board of Directors.

II. Techniques and instruments relating to transferable securities and money market instruments

The Company may employ techniques and instruments, such as, but not limited to, derivatives, repurchase agreements, options, futures, CFD and securities lending which the Board of Directors reasonably believes to be economically appropriate to the effective portfolio management of the Company and are in accordance with the investment objectives of each Sub-fund.

The use of such techniques and instruments by the Company or any Sub-fund will be subject to the conditions and limits laid down by the Luxembourg financial supervisory authority and under the Law.

Under no circumstances shall these operations cause a Sub-fund to diverge from its investment objectives as laid down in its Prospectus.

III. Co-management and pooling of assets

For the purpose of effective management, where the investment policies of the Sub-funds so permit, the Board of Directors may choose to allow co-management of the assets of certain Sub-funds.

In such case, assets of different Sub-funds will be managed in common. The assets which are co-managed shall be referred to as a "pool" notwithstanding the fact that such pool(s) are used solely for internal management purposes. The pool(s) do not constitute separate entities and are not directly accessible to the shareholders. Each of the co-managed Sub-funds shall be allocated its specific assets.

Where the assets of two or more Sub-funds are pooled, the assets attributable to each participating Sub-fund will initially be determined by reference to its initial allocation of assets to such a pool and will change in the event of additional allocations or withdrawals.

The entitlements of each participating Sub-fund to the co-managed assets apply to each and every line of investments of such pool.

Additional investments made on behalf of the co-managed Sub-funds shall be allotted to such Sub-funds in accordance with their respective entitlements and assets sold shall be levied similarly on the assets attributable to each participating Sub-fund.

Article 16. INVALIDITY AND LIABILITY TOWARDS THIRD PARTIES

No contract or other transaction between the Company and any other corporation or entity shall be affected or invalidated by the fact that any one or more of the directors or officers of the Company is interested in, or is a director, officer or an employee of such other corporation or entity, provided, however, that the Company shall not knowingly purchase or sell portfolio investments from or to any of its officers or directors, or to any entity in which such officers or directors hold ten per cent (10%) or more of the issued shares.

Each Sub-fund is liable for its own debts and obligations in compliance with article 71 (5) of the Law.

Article 17. INDEMNITY

The Company may indemnify any director or officer, and their heirs, executors and administrators, against expenses reasonable incurred by him in connection with any action, suit or proceeding to which he may be made a party by reason of his being or having been a director or officer of the Company or, at its request, of any other fund of which the Company is a shareholder or creditor and from which he is not entitled to be indemnified, except in relation to matters as to which he shall be finally adjudged in such action, suit or proceeding to be liable for gross negligence or misconduct; in the event of a settlement, indemnification shall be provided only in connection with such matters covered by the settlement as to which the Company is advised by counsel that the person to be indemnified did not commit such a breach of duty. The foregoing right of indemnification shall not exclude other rights to which he may be entitled.

Article 18. NET ASSET VALUE

The net asset value ("**Net Asset Value**") of each share class of each Sub-fund shall be determined by the ~~Company or its agent or delegate from time to time,~~ AIFM (acting as administrative agent of the Company), -, but subject to the provisions of the next following paragraph, at least once a month on such day as the Board of Directors may determine ("**Valuation Day**").

The Net Asset Value of each share class of each Sub-fund shall be expressed in the relevant reference currency as may be determined by the Board of Directors from time to time and shall be determined on any Valuation Day by dividing the value of the net assets of the Sub-fund attributable to that share class, being the value of the assets of that share class less its

liabilities at the time determined by the ~~Board of Directors or its duly authorised delegate~~AIFM on the Valuation Day, by the number of shares of the relevant class then outstanding.

The Company's Net Asset Value shall be equal at all times to the total Net Asset Value of all its Sub-funds.

The Management Company performs the valuation function in accordance with article 17(4)(b) of the AIFM Law. The value of the assets of each share class of each Sub-fund is determined as follows:

- (i) Securities or financial instruments admitted for official listing on a stock exchange or traded on another regulated market within Europe, North or South America, Asia, Australia, New Zealand or Africa, which operates regularly and is recognised and open to the public are valued on the basis of the last available closing price in their relevant market at the time when the valuation is carried out. If the same security or financial instrument is quoted on different markets, the quotation on the principal market for this security will be used. If there is no relevant quotation or if the quotations are not representative of the fair value, the evaluation will be made in good faith by the ~~Board of Directors or their delegate~~AIFM with a view to establishing the probable ~~bid~~sales price for such securities.
- (ii) Unlisted securities or financial instruments are valued on the basis of their probable ~~bid~~sales price as determined by the ~~Board of Directors or their delegate~~AIFM using valuation principles which can be examined by the auditor of the Company, in order to reach a proper and fair valuation of the total assets of each Sub-Fund.
- (iii) Fixed term deposits are valued at their nominal value plus accrued interest. Fixed term deposits with an original term of more than thirty (30) days can be valued at their yield adjusted price if an arrangement between the Company and the bank, with which the fixed term deposit is invested, has been concluded including that the fixed term deposits are terminable at any time and the yield adjusted price corresponds to the realisation value.
- (iv) Investment funds are valued based on the latest traded price (ETFs), at the latest Net Asset Value, or bid price, if bid and offer prices are quoted a price provided by an approved pricing source available at the valuation point. Investments in private equity funds (or any funds of private equity funds) will be initially valued at cost and thereafter by reference to the most recent Net Asset Value as reported by the manager of the relevant investment as adjusted for subsequent net capital activity or in accordance with such accounting principles as may be adopted by the Board of Directors from time to time.
- (v) The value of any cash on hand or on deposit, bills and demand notices and accounts receivables, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and yet not received shall be deemed to be the full amount thereof (plus accrued interest, if any) unless in any such case the same is unlikely to be paid or received in full, in which case the value thereof shall be determined after making such discount as the ~~Board of Directors~~AIFM may consider appropriate in such case to reflect the true value thereof.

- (vi) The value of futures, forward and options contracts not traded on exchanges or on other regulated markets shall mean their net value determined, pursuant to the policies established by the ~~Board of Directors~~AIFM, on a basis consistently applied for each different variety of contracts. The value of futures, forward and options contracts traded on exchanges or on other regulated markets shall be based upon the last available settlement or closing prices (as applicable) of these contracts on exchanges and regulated markets on which the particular futures, forward or options contracts are traded by the Company; provided that if a futures, forward or options contract could not be liquidated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract shall be such value as the ~~Board of Directors~~AIFM may deem fair and reasonable.
- (vii) Interest rate swaps will be valued at their market value established by reference to the applicable interest rates curve. Index and financial instruments related swaps will be valued at their market value established by reference to the applicable index or financial instrument. The valuation of the index or financial instrument relating swap agreement shall be based upon the market value of such swap transaction established in good faith pursuant to procedures established by the ~~Board of Directors~~AIFM.
- (viii) The ~~Company~~AIFM will value mortgage-backed securities and other debt securities not traded in an organized market on the basis of valuations provided by dealers or by a pricing service, approved by the ~~Board and the Management~~Company AIFM, which use information with respect to transactions in such securities, quotations from dealers, market transactions in comparable securities, various relationships between securities and yield to maturity in determining value. Debt securities having a remaining maturity of sixty days or less when purchased and debt securities originally purchased with maturities in excess of sixty (60) days but which currently have maturities of sixty (60) days or less are valued at cost adjusted for amortization of premiums and accretion of discounts.
- (ix) Any securities or other assets for which current market quotations are not readily available are valued at their fair value as determined in good faith under procedures established by ~~and the~~ AIFM under the general supervision and responsibility of the Board of Directors. A determination of value by a pricing service to be used in calculating Net Asset Value will be deemed to be a fair value determination made in good faith by the ~~Board of Directors~~AIFM. While no single standard for determining fair value exists, as a general rule, the current fair value of a security would appear to be the amount which the Company could expect to receive upon its current sale. Some but not necessarily all of the general factors which may be considered in determining fair value include: (1) the fundamental analytical data relating to the investment; (2) the nature and duration of restrictions on disposition of the securities; and (3) an evaluation of the forces which influence the market in which these securities are purchased and sold. Without limiting or including all of the specific factors which may be considered in determining fair value, some of the specific factors include: type of security, financial statements of the issuer, cost at date of purchase, size of holding, discount from market value, value of unrestricted securities of the same class at the time of purchase, special reports prepared by analysts, information as to any transaction or offers with respect to the security, existence or merger proposals or tender offers affecting the securities,

price and extent of public trading in similar securities of the issuer or comparable companies, and other relevant matters.

- (x) Any other assets are valued on the basis of their probable bidsales price as determined by the ~~Board of Directors of the Company or their delegate~~AIFM using valuation principles which can be examined by the auditor of the Company, in order to reach a proper and fair valuation of the total assets of each Sub-Fund.

The ~~Board of Directors~~AIFM, in its discretion, may permit some other method of valuation to be used, which can be examined by the auditor of the Company, if it considers that such valuation better reflects the fair value of any asset of the Company.

In addition, appropriate provisions will be made to account for the charges and fees levied on the Sub-Funds.

In the event it is impossible or incorrect to carry out a valuation in accordance with the above rules owing to particular circumstances, such as hidden credit risk, the ~~Board of Directors or its designee~~AIFM is entitled to use other generally recognised valuation principles, which can be examined by an auditor, in order to reach a proper valuation of each Sub-Fund's total assets. This explicitly includes the application in distressed markets of adjustments in the Net Asset Value to reflect the high volatility, the fast moving prices of securities and the distressed liquidity in the relevant markets.

The percentage of the total Net Asset Value allocatable to each class and/or sub-class of shares of each Sub-Fund shall be determined by the ratio of the shares issued in each class and/or sub-class to the total number of shares issued, and shall be adjusted subsequently in connection with the distributions effected and the issue and redemption of shares as follows.

- 1) On each occasion when a distribution is effected in respect of distribution shares, the Net Asset Value of the shares in this class shall be reduced by the amount of the distribution (causing a reduction in the percentage of Net Asset Value allocatable to the shares of this class), whereas the Net Asset Value of accumulation shares shall remain unchanged (causing an increase in the percentage of Net Asset Value allocatable to accumulation shares);
- 2) On each occasion when shares are issued or redeemed, the Net Asset Value allocatable to each class and/or sub-class of shares shall be increased or reduced by the amount received or paid out.

The ~~Board of Directors~~AIFM may furthermore adjust the value of any asset if ~~the Board of Directors~~AIFM determines that such adjustment is required to reflect the fair value thereof. The Net Asset Value may also be adjusted to reflect certain dealing charges if need be as more fully described in the Prospectus.

In the absence of bad faith, gross negligence or manifest error, every decision taken by the ~~Board of Directors or by a designee of the Board of Directors~~AIFM in calculating the Net Asset Value, shall be final and binding on the Company, and present, past or future shareholders. The result of each calculation of the Net Asset Value shall be certified by ~~a director or a duly authorised representative or a designee of the Board~~the AIFM.

Article 19. EXPENSES

The Company shall bear all expenses connected with its establishment as well as the fees due to the ~~Management Company~~AIFM, the Depositary as well as to any service provider or any relevant agent or delegate as may be appointed by the Board of Directors from time to time.

Each Sub-fund is liable for its own debts and obligations in compliance with article 71 (5) of the Law.

Any costs which are not attributable to a specific Sub-fund incurred by the Company will be charged to all Sub-funds in proportion to their net assets.

Moreover, the Company shall also bear the following expenses:

- (i) all taxes which may be payable on the assets, income and expenses chargeable to the Company;
- (ii) third party standard brokerage fees and bank charges such as transaction fees originating from the Company's business transactions;
- (iii) all fees due to the auditor and the legal advisors to the Company;
- (iv) all expenses connected with publications and supply of information to shareholders, in particular, the cost of translating, printing and distributing the annual and semi-annual reports and the Prospectus as well as the cost of publishing the issue and redemption prices and the maintenance, production, printing, translation, distribution, dispatch, storage and archiving of the key information documents, if issued;
- (v) all expenses involved in registering and maintaining the Company registered with all governmental agencies and stock exchanges;
- (vi) all expenses incurred in connection with its operation and its management.

Article 20. SUSPENSION OF THE NET ASSET VALUE

The calculation of the Net Asset Value of the shares of any Sub-fund and the subscription, redemption and conversion thereof may be suspended in the following circumstances, in addition to any circumstances provided for by law:

- during any period (other than ordinary holidays or customary weekend closings) when any market or stock exchange is closed which is the principal market or stock exchange for a significant part of the Sub-fund's investments, or in which trading is restricted or suspended;
- during any breakdown in the means of communication normally employed in determining the price of any of the Sub-fund's investments or the current prices on any stock exchange;
- when for any reason the prices of any investment held by the Sub-fund cannot be reasonably, promptly or accurately ascertained;.

- during any period when remittance of money which will or may be involved in the purchase or sale of any of the Sub-fund's investments cannot, in the opinion of the Board of Directors, be effected at normal rates of exchange;
- following a possible decision to liquidate or dissolve the Company or one or several Sub-funds; or
- whenever exchange or capital movement restrictions prevent the execution of transactions on behalf of the Company; or
- in case purchase and sale transactions of the Company's assets are not realisable at normal exchange rates.

The suspension of the calculation of the Net Asset Value and of the subscription, redemption and conversion of shares shall be published by the Company in such manner as it may deem appropriate for the persons likely to be affected thereby.

The suspension of the calculation of the Net Asset Value of shares in a Sub-fund and of the subscription, redemption and conversion of shares in a Sub-fund does not affect the calculation of the Net Asset Value or the subscription, redemption and conversion of shares in another Sub-fund, if such other Sub-fund is not affected by the above circumstances.

Article 21. FISCAL YEAR AND FINANCIAL STATEMENTS

The fiscal year of the Company shall begin the first of January of each year and shall terminate on 31 December each year.

Article 22. AUTHORISED AUDITOR

The Company shall appoint an authorised auditor who shall carry out the duties prescribed by Luxembourg law. The auditor shall be elected by the annual general meeting of shareholders and shall remain in office until his successor is elected.

Article 23. DIVIDENDS

The general meeting of shareholders shall determine how the profits (including net realised capital gains) of the Company shall be disposed of. The Board of Directors is authorized to declare and pay dividends provided however that the minimum capital of the Company cannot be lower than the level provided for by the Law.

Dividends may also be paid out of net unrealised capital gains after deduction of realised losses. Dividends declared will be paid in EURO or in the Sub-Fund's base currency or in any other currency as may be determined by the Board of Directors from time to time or in shares of the Company and may be paid at such places and times as may be determined by the Board of Directors.

The profits allocated to distribution shares shall be available for distribution to holders of such shares.

The Board of Directors is further authorized to decide on paying out interim dividends subject to the conditions and procedures as resolved by the Board of Directors.

The profits allocated to accumulation shares shall be added to the portion of the net assets corresponding to accumulation shares.

Article 24 DISSOLUTION, TERMINATION, MERGER, DIVISION AND REORGANISATION

DISSOLUTION OF THE COMPANY

The Company may, at any time, be dissolved by a resolution taken by the general meeting of shareholders subject to the quorum and majority requirements as required for the amendment of these Articles.

In the event of dissolution of the Company, liquidation shall be carried out by one or several liquidators (who may be physical persons or legal entities) named by the meeting of shareholders effecting such dissolution and which shall determine their powers and their compensation.

In the event of any contemplated liquidation of the Company, no further issue, conversion, or redemption of shares will be permitted after publication of the first notice convening the extraordinary meeting of shareholders for the purpose of winding-up the Company. All shares outstanding at the time of such publication will participate in the Company's liquidation distribution.

Any amount not claimed by any shareholder shall be deposited in escrow at the close of liquidation with the *Caisse de Consignation*.

DISSOLUTION OF ANY SUB-FUND OR CLOSING OF SHARE CLASS(ES)

In the event that for any reason the Net Asset Value of any Sub-fund or share class has decreased to, or has not reached, an amount determined by the Board of Directors to be the minimum level for such Sub-fund or share class to be operated in an economically reasonable manner, or in the course of a rationalization, or in light of prevailing market circumstances or other conditions such as but not limited to political, economic, regulatory or others special circumstances beyond the control of the Board of Directors and with due regard to the best interests of shareholders, or for any other reason as set forth in the Prospectus or determined by any applicable law and regulation, the Board of Directors may decide to terminate, and to the extent necessary liquidate, with the prior non-objection of the CSSF, such Sub-fund or share class and thereby compulsorily redeem all the shares of the relevant Sub-fund or share class at the applicable Net Asset Value per share for the Valuation Day for compulsory redemption, as determined by the Board of Directors.

The shareholders will be informed of the decision of the Board of Directors to terminate a Sub-fund or share class(es) by way of a notice and/or in any other way as required or permitted by applicable laws and regulations. The notice will indicate the reasons for as well as the applicable liquidation or termination process.

Actual realisation prices of investments, realisation expenses and liquidation costs, as the case may be, will be taken into account in calculating the Net Asset Value applicable to the compulsory redemption. Shareholders in the Sub-fund or share class(es) concerned will no longer be authorized to continue requesting the redemption or conversion of their

shares prior to the effective date of the compulsory redemption, unless the Board of Directors determines that it would not be in the best interest of the shareholders in that Sub-fund or of share class(es).

Redemption proceeds which have not been claimed by the shareholders upon the compulsory redemption will be deposited, in accordance with applicable laws and regulations, in escrow at the “*Caisse de Consignation*” on behalf of the persons entitled thereto. Proceeds not claimed within the statutory period will be forfeited in accordance with laws and regulations.

The termination and liquidation of a Sub-fund or share class(es) shall have no influence on the existence of any other Sub-fund or share class(es). The decision to terminate and liquidate the last Sub-fund existing in the Company will result in the dissolution and liquidation of the Company.

All redeemed shares shall be cancelled except if otherwise decided by the Board of Directors at its full discretion.

MERGER

A Sub-Fund may be merged with another Sub-Fund by resolution of the Board of Directors, with the prior non-objection of the CSSF, in the event that for any reason the Net Asset Value of any Sub-fund has decreased to, or has not reached, an amount determined by the Board of Directors to be the minimum level for such Sub-fund to be operated in an economically reasonable manner, or in the course of a rationalization, or in light of prevailing market circumstances or other conditions such as but not limited to political, economic, regulatory or others special circumstances beyond the control of the Board of Directors and with due regard to the best interests of shareholders, or for any other reason as set forth in the Prospectus or determined by any applicable law and regulation.

For the avoidance of doubt this should include (i) any merger between any Sub-funds of the Company, and / or (ii) any merger between any Sub-Fund of the Company with (a) another Sub-Fund of a Luxembourg SICAV-FIS, or (b) with another Luxembourg UCI under the law of 17 December 2010 relating to undertakings for collective investment.

Such a merger does not require the prior consent of the shareholders except where the Company, as a result of the operation, ceases to exist. In such case, the general meeting of shareholders of the Company must decide on the operation and its effective date. The general meeting will decide by resolution taken with no quorum requirement and adopted by a simple majority of the votes validly cast.. In such events, notice of the merger will be given in writing to registered shareholders. Each shareholder of the relevant Sub-Fund shall be given the possibility, within a period of at least one (1) month as of the date of the publication, to request either the repurchase of its shares, free of any charges, or the exchange of its shares, free of any charges, against shares of a Sub-Fund not concerned by the merger. At the expiry of this notice period, any shareholder which did not request the repurchase or the exchange of its shares shall be bound by the decision relating to the merger.

In the case of a merger with a mutual special investment fund in the form of a *Fonds Commun de Placement* (“**FCP-FIS**”), however, the merger will be binding only on shareholders who expressly agreed to the merger. When a Sub-Fund is contributed to a sub-fund of another Luxembourg investment fund, the valuation of the Sub-Fund’s assets shall be verified by the auditor of the Company who shall issue a written report at the time of the contribution.

A Sub-Fund may be contributed to a foreign investment fund only when the relevant Sub-Fund's shareholders have unanimously approved the merger or on the condition that only the shares of the shareholders who have approved such merger are effectively transferred to that foreign fund.

DIVISION

In the interest of a Sub-fund and its shareholders, the Board of Directors may also decide to divide any Sub-fund, or part of it, into one or more other Sub-fund(s).

The shareholders of the Sub-fund concerned by the division will be informed of the decision to divide the Sub-fund by way of a notice and/or in any other way as required or permitted by applicable laws and regulations. The notice will indicate the reasons for such decision as well as the applicable process for the contemplated operation, in accordance with any applicable regulation, as the case may be. Shareholder of the relevant Sub-fund shall be given the possibility, within a period of 1 (one) month as of the date of the notice, to request the redemption or the conversion of its shares, free of any charge. At the expiry of this 1 (one) month's period, any shareholder who has not requested the repurchase or exchange of its shares shall be bound by the decision relating to the division.

Compulsory conversion of any share class(es), or any share(s) of any share class(es)

In the event that for any reason the Net Asset Value of any share class(es), has decreased to, or has not reached, an amount determined by the Board of Directors to be the minimum level for such share class(es) to be operated in an economically reasonable manner, or in the course of a rationalization, or in light of prevailing market circumstances or other conditions such as but not limited to political, economic, regulatory or others special circumstances beyond the control of the Board of Directors and with due regard to the best interests of shareholders, or for any other reason as set forth in the Prospectus or determined by any applicable law and regulation, the Board of Directors may decide the compulsory conversion of any share class(es) to one or several other share classes within the Company.

In the course of a rationalization, or in light of other conditions such as but not limited to regulatory or other special circumstances beyond the control of the Board of Directors and with due regard to the best interests of shareholders, or for any other reason as set forth in the Prospectus or determined by any applicable law and regulation, the Board of Directors may decide the compulsory conversion of any share(s) of any share class(es) to any share(s) of any other share class(es) within the Company. The shareholders of the share class(es) or the share(s) of any share class(es) concerned will be informed of the compulsory conversion by way of a notice and/or in any other way as required or permitted by applicable laws and regulations. The notice will indicate the reasons as well as the applicable process for the contemplated conversion. Concerned shareholder shall be given the possibility, within a period of 1 (one) month as of the date of the notice, to request the redemption or the conversion to another Sub-fund or another share class(es) of its shares, free of any charge. At the expiry of this 1 (one) month's period, any shareholder who has not requested the repurchase or exchange of its shares shall be bound by the decision relating to the compulsory conversion.

Unless otherwise mentioned in the foregoing paragraphs, or provided under any applicable law or regulation, shareholders shall have no right to decide on any restructuring or termination operations in respect of any Sub-fund, or share class(es) thereof.

Article 25. AMENDMENT

These Articles may be amended from time to time by a meeting of shareholders, subject to the quorum and voting requirements provided by Luxembourg Company Law.

Article 26. APPLICABLE LAW

All matters not governed by these Articles shall be determined in accordance with the Law, [the AIFM Law](#) and the Luxembourg Company Law.
