

NOTICE OF MERGER TO SHAREHOLDERS OF

Nordea Fund of Funds – Multi Manager Fund Balanced AND Multi Manager Access II – Sustainable Investing Balanced

It is brought to the attention of the shareholders of Nordea Fund of Funds – Multi Manager Fund Balanced and Multi Manager Access II – Sustainable Investing Balanced that the board of directors of Nordea Fund of Funds (the “**NFOF Board of Directors**”) and the board of directors of Multi Manager Access II (the “**MMA II Board of Directors**”) have decided to merge Nordea Fund of Funds – Multi Manager Fund Balanced (the “**Merging Fund**”) with Multi Manager Access II – Sustainable Investing Balanced (the “**Receiving Fund**”) (the “**Merger**”).

The Merging Fund together with the Receiving Fund are hereinafter to be referred to as the “**Funds**”.

The Merging Fund is managed by Nordea Investment Funds S.A. (the “**Nordea Management Company**”) and the Receiving Fund is managed by UBS Fund Management (Luxembourg) S.A. (the “**UBS Management Company**”).

The Merger shall become effective on **21 November 2019** (the “**Effective Date**”).

On the Effective Date, all assets and liabilities of the Merging Fund will be transferred to the Receiving Fund based on the net asset value per share as per 20 November 2019 (the “**Reference Date**”). The Merging Fund will cease to exist as a result of the Merger and thereby will be dissolved on the Effective Date without going into liquidation.

Shareholders who agree with the changes proposed in this notice do not need to take any action.

Shareholders who do not agree with the Merger have the right to request the redemption of their shares free of charges (except for any charge retained to meet disinvestment costs (as the case may be)) from the date of this notice until **12:00 CET on 12 November 2019 for Receiving Fund shareholders** and until **15:30 CET on 12 November 2019 for Merging Fund shareholders**, as further described below.

This notice describes the implications of the Merger and must be read carefully. **The Merger may impact your tax situation. Shareholders in the Merging Fund are advised to consult their professional advisers as to the legal, financial and tax implications of the Merger under the laws of the countries of their nationality, residence, domicile or incorporation.**

1. Reasons for and potential benefits of the Merger

- 1.1. Whereas UBS Europe SE, being part of the same group as the investment manager of the Receiving Fund, has acquired part of Nordea Bank S.A.'s Luxembourg-based private banking business, the NFOF Board of Directors suggests an amendment of fund offerings by merging the Funds.
- 1.2. The NFOF Board of Directors believe that the Merging Fund has limited prospects for growth. The size of the Merging Fund has declined by more than 30% since October last year and a negative trend in assets in the Merging Fund is expected to continue in the time to come and will consequently result in continued operations being economically inefficient.
- 1.3. The Receiving Fund was launched by the end of last year and has since seen a solid and continuous inflow.
- 1.4. The ongoing charges are lower in the Receiving Fund than those charged by the Merging Fund whereof the shareholders in the Merging Fund will benefit from lower costs as a result of the Merger.
- 1.5. The Merger should in general provide the benefit of greater fund size and therefore economies of scale, with the expectation that this should enable relatively lower costs in the future compared to the total net asset value.

2. Key features – similarities and differences

Similarities

- 2.1. There are several similarities between the Funds in terms of fund type, investments policy and risk profile as provided in the key features listed in Appendix I. Both Funds are fund of funds that have exposure to a mix of fixed income and equity securities. They have a medium risk profile with a synthetic risk and reward indicator (SRRI) currently of 4. The Funds use no benchmark.
- 2.2. The sub-investment manager of the Merging Fund and the investment manager of the Receiving fund are part of the UBS group.

Differences

- 2.3. The management company of the Merging Fund is Nordea Management Company while the management company of the Receiving Fund is UBS Management Company.
- 2.4. The base currency of the Merging Fund is EUR while the base currency of the Receiving Fund is USD. Following the Merger, Merging Fund shareholders in EUR denominated share classes will therefore have EUR currency hedging costs.
- 2.5. The investment objective of the Merging Fund is wealth accumulation i.e. to increase the spending power of the sub-fund at a moderate rate while accepting the risks of potential loss necessary to achieve this, whereas the Receiving Fund primarily focuses on sustainable investments that seek to align the investment objectives of long-term sustainability criteria and positive contributions to the environment and society, with generating positive financial returns.
- 2.6. The Receiving Fund applies swing pricing as further described in its prospectus.

2.7. The accounting year of the Merging Fund ends on 31 December each year, while that of the Receiving Fund ends on 31 July each year.

2.8. The Merging Fund and the Receiving Fund have such other features as further disclosed in Appendix I.

3. Impact of the Merger

Impact of the Merger on the Funds and their shareholders

- 3.5. All costs by reason of the Merger (except for any dealing costs) will be borne by the Nordea Management Company and/or UBS Management Company, including legal, advisory, accounting and other administrative expenses.
- 3.6. The portfolio of the Merging Fund will be sold and as at the Reference Date will be in cash.
- 3.7. The Merger will result in an inflow of cash into the Receiving Fund. The cash will subsequently be invested according to the Receiving Fund's investment policy.
- 3.8. The Merger is not intended to have any material impact on the portfolio of the Receiving Fund, and it is not intended to undertake any rebalancing of the portfolio of the Receiving Fund before or after the Merger takes effect.

- 5.2. The Merger is not intended to have any material impact on the portfolio of the Receiving Fund and it is not intended to undertake any rebalancing on the portfolio of the Receiving Fund before or after the Merger.

6. Risk of dilution in the performance

As the assets of the Merging Fund will be sold prior to the Effective Date, the composition of the portfolio of the Merging Fund will be significantly impacted by the merger. This merger may involve a risk of performance dilution stemming from the restructuring of the portfolio of the Merging Fund.

7. Criteria adopted for valuation of the assets and liabilities in order to calculate the exchange ratio

7.1. Nordea Management will calculate the net asset value per share class of the Merging Fund and UBS Management Company (or its delegate) will calculate the net asset value per share class of the Receiving Fund as of the Reference Date.
